SEPTEMBER EDITION

Every great transformation begins with a simple belief: every child deserves the opportunity to learn, dream, and build a better future. In partnership with the Punjab Education Foundation, Sanjh Preet Organization is proudly implementing the Public Schools Reorganization Program - Phase II across 23 government primary schools in Tehsil Sadiqabad, District Rahim Yar Khan. Since August 2025, our focus has been to transform public education one school, one classroom, and one child at a time—creating safe, inclusive, and inspiring learning environments while empowering teachers, engaging parents, and strengthening communities.

This journey is built on partnership, hope, and meaningful action. We remain committed to improving educational quality and creating opportunities that enable every child to reach their potential. The future of Sadiqabad is sitting in today's classrooms. Together, let us help that future shine brighter.

CEO's Message

ABOUT US!

Sanjh Preet Organization took over 23 government primary schools under PSRP Phase-II to restore quality education in underserved communities. First-year results reflect a transformation process focused on improving access, enrollment, teaching capacity, and learning continuity.

PROJECT'S SUMMARY

OUR FOOTPRINT

- Reorganizing public schools involves rebuilding environments and trust, rather than just opening private ones.
- Sanjh Preet Organization aims to rehabilitate schools, enroll out-of-school children, and provide safe, inclusive learning spaces.
- Success is measured through a framework of Access, Enrollment, Teacher Capacity, Attendance, Examination Success, and Learning Outcomes.

Student of the month

Sanjh Preet Organization proudly recognizes Hamail Nawaz, a bright student of Grade 4 at GPS Kalarwali, Sadiqabad, as our Student of the Month. Selected from across the 23 PSRP Phase-II schools, Hamail has earned this honor through her remarkable academic excellence, exemplary discipline, regular attendance, and enthusiastic participation in school activities. Through this new initiative, Sanjh Preet aims to foster healthy motivation, build student confidence, and encourage every child to strive for holistic development and continuous success both inside and beyond the classroom.

OUR BEST TEACHER

Sanjh Preet proudly recognizes **Shakeela Nawaz** as Teacher of the Month under its initiative to appreciate and motivate outstanding educators across the 23 PSRP Phase-II schools in Sadiqabad, Rahim Yar Khan. Her performance was evaluated against key criteria, including punctuality, students' academic performance, classroom management, and innovative, out-of-the-box teaching initiatives. This recognition celebrates his dedication to nurturing young minds and creating an engaging learning environment. Through this new initiative, Sanjh Preet aims to inspire teachers to pursue professional excellence, embrace creative teaching practices, and contribute to improved learning outcomes and the holistic development of students.

EMPOWERING THROUGH PLAY

Rab Nawaz, a teacher working with Sanjh Preet under the Punjab Education Foundation's PSRP-II Programme in Sadiqabad, exemplifies how one opportunity can create a lasting impact across an entire marginalized community.

Through his participation in the FIFA Football for Schools (F4S) platform, Rab Nawaz gained valuable sports-related skills, knowledge, and confidence, an international learning opportunity that would otherwise have been difficult to access in his underserved community. Recognizing his potential and commitment, he has now been nominated as the Sports In-charge, enabling him to share his learning with young learners across 23 government primary schools, reaching approximately 2,300 students.

Today, Rab Nawaz is bringing this opportunity closer to children who have limited access to structured sports activities. By introducing football-based learning and promoting teamwork, discipline, confidence, and physical activity, he is helping students discover their abilities and develop essential life skills. His journey reflects how investing in one teacher can create opportunities for hundreds of children. We are grateful to PEF for allocating these schools and opening a gateway of opportunity for teachers and learners in underserved communities.

"Despite having limited resources and opportunities, being selected for FIFA Football for Schools has been a dream come true and a chance to bring new possibilities to the children of my community."

Rab Nawaz - Teacher
GPS Sheikh Abad Sadiqabad

Diversity and Inclusion through Education

From just 65 students to approximately 170, **Government Primary School Basti Yar Muhammad Machi** has become a powerful example of how inclusive education can bring communities together. Managed by Sanjh Preet Organization, the school welcomes children from all backgrounds, including 28 minority students, into one shared learning environment.

What was once a school with only 65 students, affected by differences between Hindu & Muslim communities, has now become a beacon of learning, inclusion, and diversity, where children from different faiths learn, play, and grow together. Children from different faiths sit on the same benches, share books, build friendships, and learn the values of respect, inclusion, and harmony. For them, diversity is not a barrier, it is part of their everyday learning experience.

In a community where access to quality education can be challenging, the school is doing more than providing lessons, it is nurturing an environment where diversity is respected, minority children learn alongside their peers, and every student has the opportunity to thrive. Through the partnership of the Punjab Education Foundation and Sanjh Preet, GGPS Basti Yar Muhammad Machi reflects the power of inclusive education to connect diverse communities and foster social harmony. Together, these children are learning that diversity brings us together, and education gives every dream a chance to grow.

INTERNATIONAL Days Celebrations

The Organization proudly celebrated International Literacy Day across our schools, uniting students and teachers to highlight the transformative power of education. Through engaging activities, reading sessions, and interactive discussions, children explored the importance of literacy in building a brighter and more prosperous future for themselves and their communities.

INTERNATIONAL LITERACY DAY

In the Month of August, the organization organized vibrant Eid Milad-un-Nabi ﷺ celebrations across 23 PSRP Phase-II Primary Schools in Sadiqabad, District Rahim Yar Khan, fostering a spiritually uplifting environment for our young learners. Designed to deepen students' connection with the Seerat-un-Nabi, the event offered children a wonderful opportunity to express their love and respect for the Holy Prophet Muhammad ﷺ. Through Naat recitations, engaging Seerat-un-Nabi activities, heartfelt prayers, and meaningful school-based events, students explored His blessed life, noble character, and timeless teachings of peace, compassion, kindness, honesty, tolerance, and service to humanity.

EID MILAD UN NABI

FRIEND OF SCHOOL

Mr. Abd-ul-Rehman

Sanjh Preet Organization is proud to introduce our "Friend of School" feature, dedicated to honoring individuals who make extraordinary contributions through their personal efforts, donations, and unwavering dedication to our schools. For our very first feature, we are delighted to recognize Mr. Abd Ur Rehman, a resident of Chak No. 17 NP, for his exceptional support of GGPS Chak No. 17 NP under PSRP Phase II.

Driven by a kind heart and a strong belief in the transformative power of education, Mr. Abd Ur Rehman generously donated furniture worth PKR 45,000 to the school, providing 10 student desk benches and 3 teacher chairs. This thoughtful contribution has directly transformed the campus, creating a much more comfortable, dignified, and welcoming learning environment for both students and teachers alike.

The entire school community extends its heartfelt gratitude to Mr. Abd Ur Rehman for his invaluable generosity. Acts of kindness like his not only enhance classroom infrastructure but also inspire profound positive change, deeply strengthening the bond between the school and the local community.

“

Education is the only tool that can uplift our remote under developed village. By ensuring our local students have a comfortable and dignified school environment, we are not just providing benches; we are building the foundation for their bright futures and the future of our Country.

Mr. Abd-ul-Rehman

FRIEND OF SCHOOL DONATED ITEM

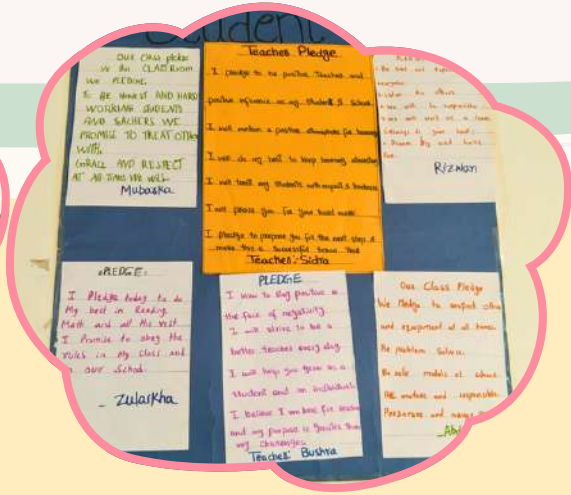

STUDENT WALL

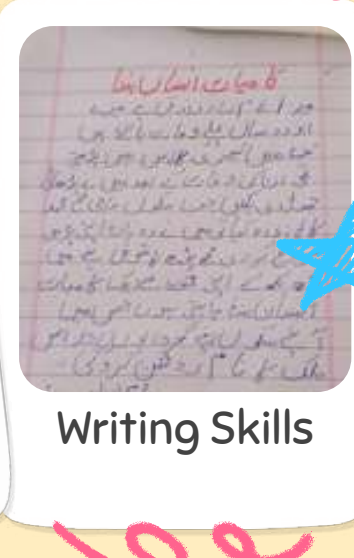

Sanjh Preet Organization has initiated "Student Wall" initiative across all our PSRP Phase-II schools, providing a vibrant, dedicated creative space where every child can proudly display their imagination. On these interactive walls, students are encouraged to showcase a wide array of their personal creativity, including colorful drawings and artwork, imaginative short stories, and heartfelt poetry. Through this inspiring initiative, we aim to celebrate young talents, foster self-expression, and build lasting confidence among our students by transforming classroom spaces into living galleries of student achievement.

Science Activity

Writing Skills

Creativity

What We're Learning

Reading

We will build strong reading skills, explore new stories, and discover the joy of books!

Writing

We will write stories, practice our spelling, and express our ideas in creative ways.

Math

We will learn new strategies, solve problems, and build confidence in math!

Art

We will learn new strategies, solve problems, and build confidence in math!

Continuous Professional Development

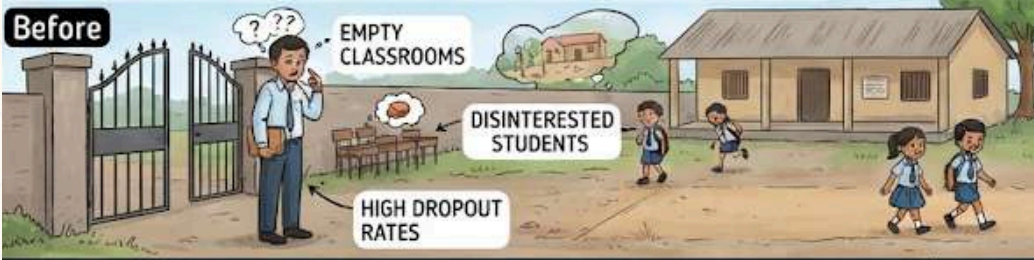

Under Sanjh Preet's PSRP Program, Continuous Professional Development (CPD) is a key priority. Every month, teachers and staff undergo structured training to strengthen modern teaching skills, pedagogy, multigrade teaching, and daily lesson planning, equipping them with practical approaches to create more effective, engaging, and child-centered classrooms. Head Teachers receive additional training on School Improvement Plans, target setting, goal setting, and effective school management systems, strengthening their capacity to lead schools, track progress, and drive continuous improvement.

INTERNATIONAL BEST PRACTICES

Best International Practices in Education

THE CHALLENGE: LOW ATTENDANCE & OUT-OF-SCHOOL CHILDREN

THE DAILY CRICKET INCENTIVE

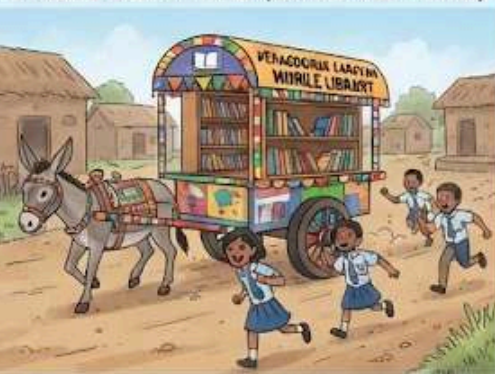

- Every student gets a batting turn.
- You must attend classes all day to play.
- Attendance becomes a fun game!

THE SOLUTION: DAILY CRICKET FOR ENROLLMENT (INDIA MODEL)

Creative Solutions for Enrollment & Attendance

MOBILE LIBRARIES (BURKINA FASO)

- BRINGING BOOKS TO REMOTE VILLAGES
- OVERCOMING DISTANCE & LACK OF LIBRARIES
- FOSTERING A LOVE FOR READING

SCHOOL KITCHEN GARDENS (KENYA)

- STUDENTS GROW THEIR OWN NUTRITIOUS FOOD
- COMBATS HUNGER & IMPROVES HEALTH
- BOOSTS ATTENDANCE & FOCUS

LITTLE TEACHER PEER MENTORSHIP (BANGLADESH)

- ADVANCED STUDENTS GUIDE YOUNGER PEERS
- ADDRESSES HIGH STUDENT-TO-TEACHER RATIOS
- BUILDS CONFIDENCE & COLLABORATION
